LIFE. OF STAIRCASE

and continue up the

We reach for a new group of waiting hands,
by our faculty and administrators,

With the knowledge bestowed upon us
with confidence.

We are advancing more steadily
of the staircase of life,

Although we are still at the bottom
showed us a new world.

The guidance of those anxious hands
and became more certain.

We continued to take uncertain steps
we accepted as a dare.

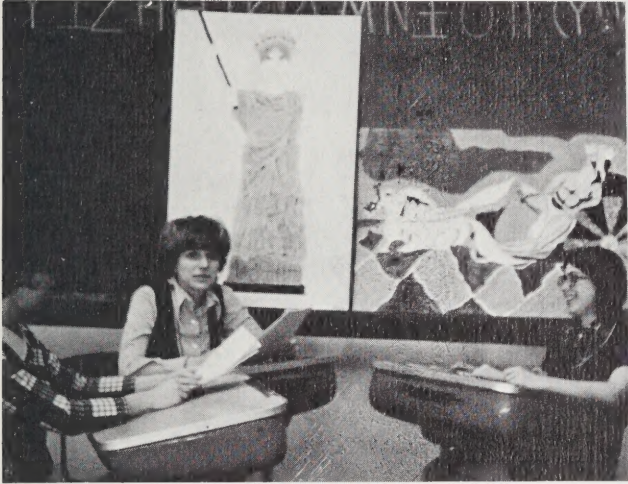

The unknown was filled with challenge
into the unknown.

With those hands we took steady steps
and found many.

We reached for a helping hand
a step into darkness.

We took a step into the future

OUR YEAR...

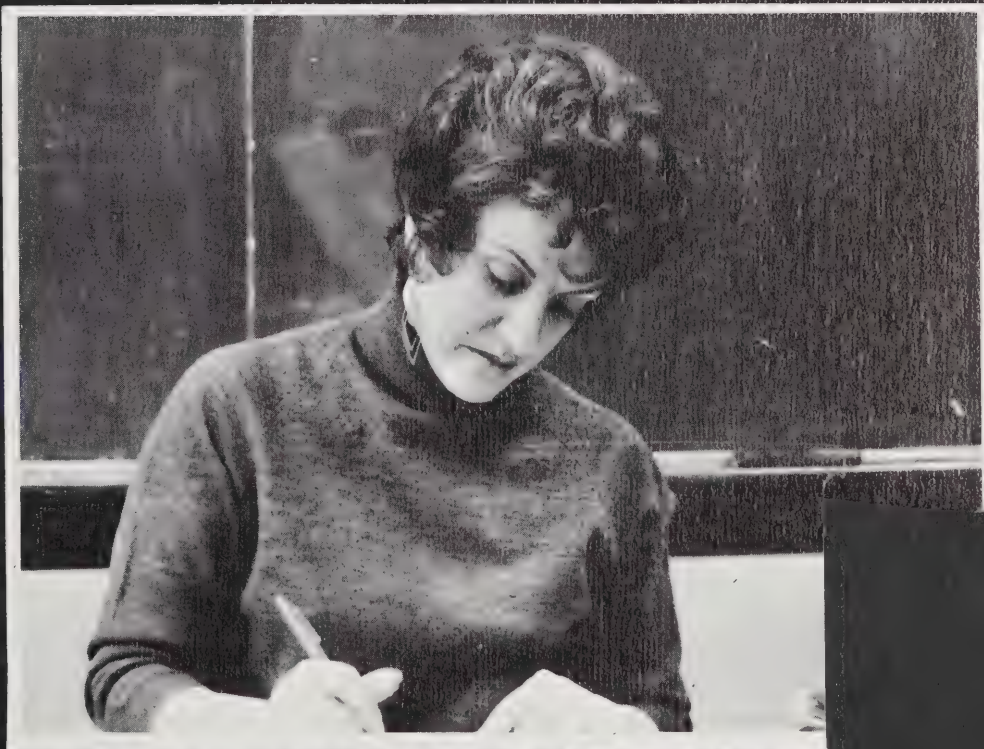

A teacher not only teaches. He . . . gives guidance . . . encourages . . . attends football games . . . tells a joke . . . gives tests . . . marks report cards . . . plays in the student-faculty game . . . sends you to the office . . . advises the student council . . . gives extra help . . . puts on assemblies . . . assigns homework . . . tastes a home ec project . . . gives you busy work . . . organizes debates . . . is a student's friend.

The teacher, with the student, runs the school. Without him, the school would be non-existent; the student would be nowhere. The teacher is part of the life and spirit of the school.

ADMINISTRATION

Mr. Chester Battis
Principal

OFFICE

Miss Alice Perley, *Secretary*

Our school has been extremely fortunate to be under the guidance and influence of our foremost administrator and principal, Mr. Battis. Ably assisted by Mr. Chandler, assistant principal, they have fulfilled responsibilities far beyond their call of duty.

Their efficient secretaries, Miss Perley and Mrs. Pszenny, are always cooperative, helpful, and good-humored. Our appreciation to this never-failing continuance of assistance is beyond words.

ENGLISH

As in most schools, English at Briscoe is considered to be the most important subject. English teachers do their best to provide the students with the fundamentals. A full understanding of the language and the way it works in mandatory, for without it, many pupils would achieve little success in life.

Team teaching is a new concept which was introduced this year. The ninth grade college preparatory classes were chosen for the initial experiment. They studied Homer's ODYSSEY in their English classes and enjoyed lectures on Greece and mythology in the auditorium. At the end of the unit, students offered suggestions for the improvement of the series, and it is hoped that next year's ninth grade classes will enjoy the unit immensely.

MATHEMATICS

Math, like most other subjects, is an evolution cycle. Starting with grade seven, each year involves a "backtrack—forge ahead" course of action. Basic concepts are continually reviewed so that students, while going on to more advanced exercises, will not forget what they have already learned. This includes such simple things as arithmetic procedures and more complex subjects as algebra and elementary geometry.

SOCIAL STUDIES

In slightly less than four hours of class time per week, students try to learn as much as they can about several thousand years in the history of the world. Since this is impossible, teachers repeatedly stress the important dates and incidents when they relate stories about the United States and hundreds of other countries.

In the eighth grade, the course is concerned primarily with the United States, beginning around the time of Columbus' discovery of North America. Pupils learn about historic battles, the United States' relations with other parts of the world, and the present government and how it came to be. It is also largely concerned with the American citizen and his rights in a free country.

The seventh and ninth grades cover the history of the other parts of the world in relation to the United States and North America. These courses give information from years of detailed study about ancient life and government in places that may or may not be existing today. It also compares these places and their history with that of the U.S., and this comparison is the basis for many discussions. Students do intense research projects out of curiosity and interest, invading the library time and again for documentation. The classes also give way to debates and discussions pertaining to the influences of ancient people and traditions on modern society.

SCIENCE

Each and every day, science becomes more and more an integral part of our lives. The space race and oceanographic research, among other things, make us increasingly aware of this. There are so many fields of science yet to be explored that students can't help but wonder if everything will be covered.

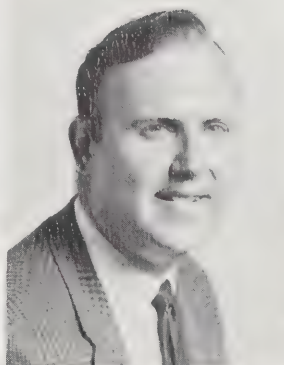

Science may well be one of our most complex, interesting subjects. Under the guidance of informed science instructors, and through books, films and occasional field trips, students are learning more about the world they live in, and how our modern way of life came about. Students accomplish as much as possible in five classes a week, and most eagerly continue this study outside of their classes, many with additional help from their science teachers.

BUSINESS

To the student who does not plan to go into a college or vocational arts course, Briscoe offers junior business training and personal-use typewriting, as well as business math which are helpful to a student pursuing a career in the business field. Under the direction of Mrs. Shepard, Miss Tomas, and Mr. DeRobertis, students are taught the basic fundamentals of business and commercial relationships before advancing to a more involved course at the high school.

Mr. Anthony Bonaiuto

Mr. Donald Borge

Mr. John Derderian

Miss Irene Gagon
Chairman, Foreign Language Dept.

FOREIGN LANGUAGE

Briscoe Junior High School offers two foreign language programs, French and German. These programs help the students to have a better understanding of the countries where these languages are spoken. Also, these programs help the students succeed in other fields. For example, German is valuable to the student planning a career in science and engineering, and both languages prove valuable to the student who may later travel to foreign countries. They not only bring about a better understanding of their people but link together many cultures.

Mrs. Cynthia Bates
Chairman, Vocational Arts Dept.

Mrs. Margaret Marean

This year, cooking has again proven to be fun and helpful, even though it requires skill and quick thinking. Ingredients must be carefully measured and prepared. Basic math concepts are required for these tasks. Mrs. Marean, the cooking instructor, teaches the girls how to care for cooking utensils and appliances. Best of all, they turn out some delicious products.

Everyday, clothes are getting more and more expensive, and manufacturers are continually skimping on cloth and quality in order to cut down their costs. Under the direction of Mrs. Bates, many girls at Briscoe have learned to sew their own clothes, thus getting exactly what they want for a fraction of the price.

The industrial arts program covers a broad and searching field of American technology and industry. Project planning, use and economy of materials, and other indispensable information are all part of this course.

Metal working is an important base of the field and includes the fundamentals which are necessary to this occupation.

Printing and graphic arts cover a wide range of areas including block printing, silk screening, scratch board drawing, and book binding. Most of the activity in the shop is centered around the letterpress printing machine.

Operations involved in wood-working are use of machines and hand tools, proper ways of cutting and using wood, and other manual skills.

Safe working habits and proper attitudes are stressed in each of the courses.

READING

Reading well is vitally important in our society and is a prerequisite for academic achievement. The reading classes at Briscoe equip students with this important skill. Miss Houde, Miss Wogan, and Miss Webber teach the 7th grade classes of reading, and Mrs. Phillips conducts a remedial reading laboratory.

Mrs. Verda McAleer
Librarian

LIBRARY

The Briscoe library, the school's center of learning, is open every day from eight o'clock until three so that any interested student can pursue his interest in any subject. With over three thousand books, several hundred magazines, pamphlets and newspapers, most students are able to find information on any subject they need.

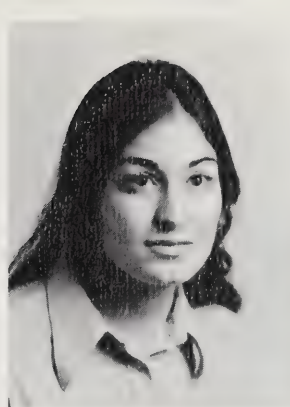

Mrs. McAleer, the librarian, is there to help in finding books, maps, magazines, photos and other articles for the student who needs help. In addition, she catalogues and orders new books, and next year it is hoped that there will be even more reference and pleasure books to give the greatest amount of help possible to a pupil who seeks it.

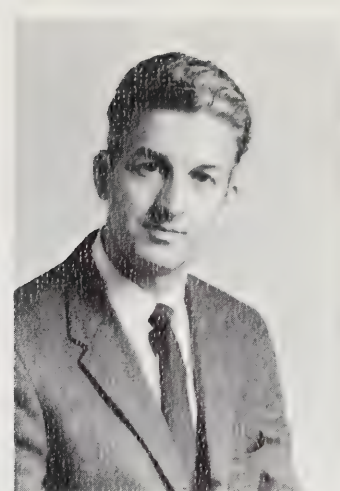

Mrs. Patricia Darby
Director, Band

Mr. Dennis DiSalvo
Director, Chorus

Mrs. Diane Dunsford

Mr. Clyde Allen
Chairman, Fine Arts

FINE ARTS

General music is offered to all at Briscoe. The activities include: singing, listening, analyzing music, and developing individual creativity and self-expression. Emphasis is placed on developing appreciation and good taste in all forms of music.

Art is for the student who may be interested in making it his career or just developing an interesting hobby. Expression is stressed by experimenting in color and design. Lettering, commercial art, cartooning, drawing, and painting are all discussed.

PHYSICAL EDUCATION

The physical education course at Briscoe provides instruction in the basic skills of physical activity. It contributes to the intellectual and physical development of the student by providing experiences in healthful living, an increased sense of values, basic rules and strategy of sports, while allowing students to have fun while learning.

Also taught by the physical education teachers is a course in health which includes drug abuse, first aid, and the cause and care of diseases and other medical problems. Many interesting discussions are held in these classes; these allow the pupil to increase his knowledge and express his opinion.

NEW TEACHERS

MR. DONALD BORGE

Mr. Donald Borge is a new seventh and eighth grade French teacher. A graduate of Suffolk University, he worked as a permanent substitute in Rockport last year.

MR. MYLES CARROLL

Mr. Myles Carroll is an eighth and ninth grade American and World History teacher. He received his B. S. at Salem State in 1968 and last year taught in Florida.

MRS. DIANE DUNSFORD

Mrs. Diane Dunsford replaced Miss Jamner as a seventh, eighth and ninth grade art teacher. She received her B. S. degree at Plymouth State College in New Hampshire and taught in that state for two years before coming to Briscoe.

MR. CHARLES GILLIGAN

Mr. Charles Gilligan, a new eighth and ninth grade social studies teacher, has an A. B. from American International College and an M. A. from Salem State. He taught in New York before coming to Massachusetts, and he then taught in Georgetown and Groton before coming to Briscoe.

MR. ALFRED GOSSELIN

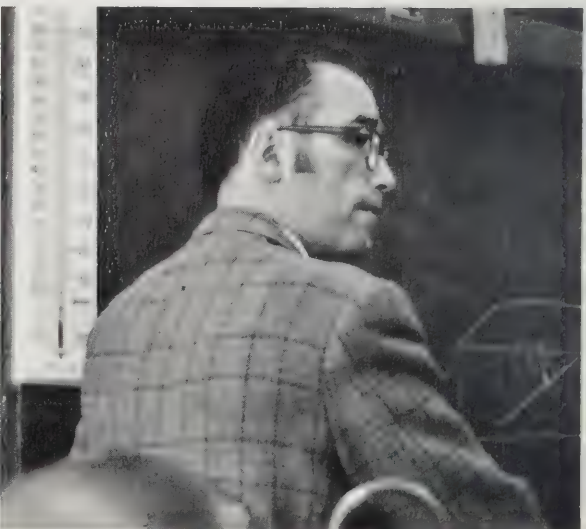

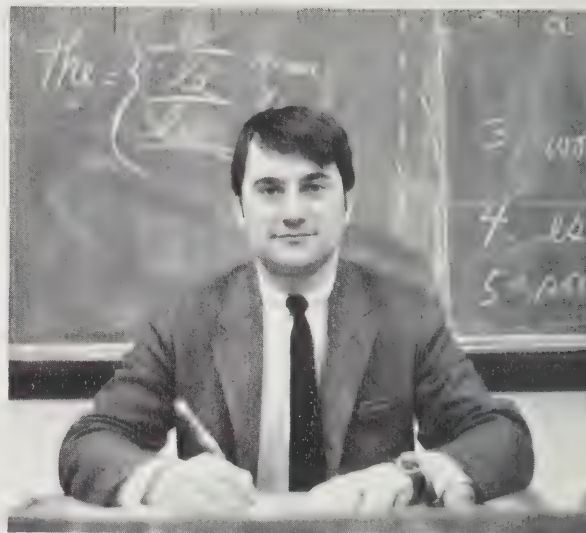

Mr. Gosselin is a new mathematics teacher. After graduating from the University of Massachusetts in 1968, he taught in Florida for a year and then returned to Massachusetts, where he has started graduate work at Salem.

MR. JOHN HEATH

Mr. Heath is a new industrial arts teacher, specializing in woodworking. He received his B. S. in Industrial Education from Keene State College in New Hampshire. This is his first teaching position.

MISS DONNA HOUDE

Miss Houde is a new seventh grade reading teacher. She is a graduate of Salem State College and is enrolled in the M. Ed. in Reading program there. Last year she taught in that city at the St. James School.

MRS. BLANCHE KEARNEY

Mrs. Kearney, a new science teacher, was graduated from the University of Massachusetts in 1967. After teaching in East Haddam, Connecticut, she came back to Massachusetts, where she was a substitute in Danvers and Beverly.

MR. ROBERT LUCIEN

Mr. Lucien, a new science teacher, holds both A. B. and M. A. degrees from the Boston University. Before teaching in Beverly, Mr. Lucien taught at Franklin, Medford, and Belmont.

MISS KATHLEEN MOORE

Miss Moore, a mathematics teacher, was a student teacher in Gloucester, before graduating from Salem State in June.

MR. FRANCIS ROBERTS

Mr. Roberts, a first-year industrial arts teacher, attended N. E. C. and is now attending classes at Fitzbury State College. Before becoming a teacher, Mr. Roberts was self-employed as a builder for 15 years.

MRS. DIANE WEBBER

Mrs. Webber, a new seventh grade reading teacher, formerly taught At Whitesboro, New York. She graduated from King's College in Briarcliff, New York, and has done graduate work at the University of Oklahoma.

MISS PAULA WILKES

Miss Wilkes formerly taught at Brighton as an interne while studying at Boston College. She received an M. A. T. degree this past summer and is now teaching English.

MISS PHYLLIS WOGAN

Miss Wogan is a new reading teacher. She is a graduate of Mount St. Mary and taught at the Andover School of Business before coming to Briscoe.

The student is the school. The student . . . studies history . . . plays basketball . . . cheers the Tigers on . . . participates in assemblies . . . attends student council meetings . . . helps in the office . . . runs for class president . . . cheers for teachers at student-faculty games . . . gets on the honor roll . . . reads the BRISCOE BRIEFS . . . takes a French test . . . makes new friends . . . receives a warning card . . . takes notes on Greek mythology . . . accepts a diploma.

The student is the living part of the school. Without him, there would be no classes, no activities, no fun. It is through the student that the school is enlarged and enlightened.

STUDENTS

9TH GRADE CLASS OFFICERS

PRESIDENT
JANET TARRICONE

Janet was an excellent choice for the ninth grade class president; she's intelligent, hard-working, popular and has a great sense of humor. Since coming to Briscoe from Florida, Janet has held a position on the honor roll nearly every quarter. Her favorite subjects are history, science and math. In her spare time, Janet skis, swims, sews, plays volleyball, basketball, and softball. Janet would like to become a nurse, and is preparing for this by doing volunteer work at the Beverly Hospital.

VICE-PRESIDENT
LYNNE DUPLESSIS

Lynne is an active, popular student here at Briscoe. Besides being the class vice-president, she is vice-president of her homeroom, head cheerleader, and has sung in several assemblies. In the eighth grade she was also a cheerleader, as well as a member of the softball team. Needless to say, she enjoys sports and gymnastics in her spare time, and her favorite subjects are gym and math. Lynne was elected Best-Dressed Girl of the ninth grade, and would like to become a model.

TREASURER
MARIE DIVINCENZO

Marie is well-qualified to be class treasurer, since she was homeroom treasurer in the seventh grade, and holds the same post this year. In addition, she has sung in assemblies and is an office aide and manager of the basketball team. In her spare time, Marie enjoys sewing, swimming, skiing and basketball. Her favorite subjects are social studies and gym, and Marie would like to become a physical education teacher or a home economics instructor.

SECRETARY
TRISHA BRIGHT

Trisha is an active, well-known student. She is class secretary this year, as well as homeroom treasurer, and last year she was an office aide, a member of the girls' softball team, and an usher and hostess at the graduation ceremonies and the graduation dance. Trisha's interests and hobbies include skating, skiing, swimming and dancing, and her favorite school subjects are English and physical education.

BRISCOE KEYS

MASTER KEY
THOMAS BARNICO

Tom was chosen by his teachers and fellow students to be Master Key, the highest position that a Briscoe student can hold. Tom, an honor student, is also the president of the Student Council, and was voted Most Likely to Succeed and Contributed Most. Tom enjoys all sports, and is a member of the football and basketball teams. His favorite subject is German.

FRIENDSHIP KEY
GARY ROGERS

Gary, a popular student who is always on the honor roll, was chosen Friendship Key. An active student, Gary is vice-president of the Student Council, and a member of Briscoe's football and basketball teams. Outside of school he spends much of his time participating in sports activities. Gary's favorite subjects are math and physical education, and his ambition is to become a teacher.

ACTIVITIES KEY
JEAN FORSTER

Jean was chosen as this year's Activities Key and lives up to her title in many ways. In the 8th grade she was a member of the BRISCOE BRIEFS staff and was in the drama club. This year, she is a guidance aide, co-editor of the BRISCOE BRIEFS, treasurer of the Student Council, and a volunteer at the Beverly Hospital. Jean is an honor student, enjoys all her subjects, and would like to become an interpreter.

SCHOLARSHIP KEY
DEBORAH BURROW

Debbie, this year's Scholarship Key, certainly deserves her title, as she has received first honors nearly every quarter during her three years at Briscoe. In addition, she was voted Most Likely to Succeed by her classmates. Debbie is active both inside and outside of school. She is secretary of the Student Council, and her favorite subject is history. In her spare time, Debbie skis, volunteers at the Beverly Hospital, and is a member of the Bellringers of Beverly. She would like to become a teacher of the handicapped.

FAIR PLAY KEY
ROBIN DOUGLAS

Robin, this year's Fair Play Key, is also a very active student. A runner-up for the title of Most Versatile Girl, she is corresponding secretary of the Student Council, a member of the BRISCOE BRIEFS art staff, and captain of the girls' varsity basketball team. Her interests include skiing, swimming and other sports. Robin's ambition is to work in the field of oceanography.

Sports, activities and organizations enrich the life of student and teacher alike. Because of them, we . . . have a football, basketball, baseball and hockey team . . . can get out of the house after school . . . can taunt Memorial because we beat them AGAIN . . . can make new friends . . . say we have a game, and can't stay after school . . . can become more well-rounded . . . have something to talk about when things get boring . . . can get noticed by the entire school . . . can have a yearbook . . . get out of class to go to assemblies . . . have more interesting things to do than homework.

Sports and activities bring out the spirit of the faculty and the student body. They bind the school together as one unit with one goal—pride in our school.

SPORTS AND ACTIVITIES

STUDENT COUNCIL

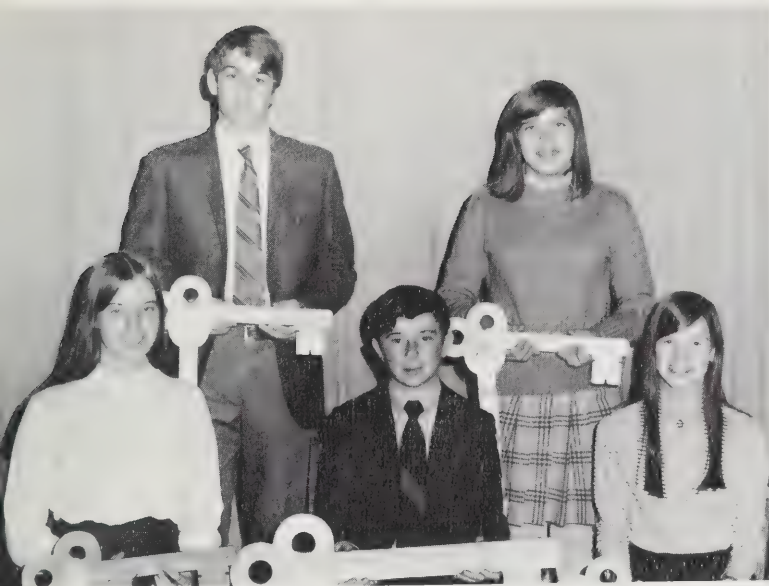

For the first time, representatives of the seventh, eighth, and ninth grades have been combined into a more unified student government. Tom Barnico, holder of the Master Key and president of the Student Council, well deserves the honor since he has maintained a steady, intelligent leadership during the three years at Briscoe.

During the course of the year, the Council organized dances, established and enforced new rules such as the dress code, and promoted such activities as the student-faculty basketball game, which was a great success.

The members must continually maintain poise, integrity, school spirit and good taste since they must set an example for the rest of the school to follow.

BRISCOE BRIEFS

Briscoe Briefs' Lay-out Staff and Editors

BOTTOM ROW: Susan Dash, Jean Forster and Lori Carlman, co-editors; Laurie Cook. **SECOND ROW:** Rose Borsetti, Cheryl Jette, John Hamerstrom, Wendy Craig, Kathleen Donnelly.

The BRISCOE BRIEFS, our school yearbook, is produced each year by a staff of approximately twenty-five students under the direction of faculty advisor, Mrs. Susan Given. The staff is composed of six groups; each specializes in a particular field — layout, humor, art, photography, typing and literary. These staffs combine their efforts to produce the final copy of the BRISCOE BRIEFS.

Taking, developing, identifying, and arranging the pictures that will appear in the yearbook takes months of strenuous labor. Writing introductions, captions, and articles, designing the cover, and typing the material are all part of the task. By helping and cooperating with the staff, the school is rewarded with a comprehensive yearbook.

BRISCOE AIDES

OFFICE AIDES

The office aides are invaluable to the office personnel. Each period of the day, they assist the secretaries, Mr. Chandler, and Mr. Battis by doing odd jobs that would otherwise take up a lot of the administration's time. These tasks include collecting and checking attendance slips, answering calls on the switchboard, helping students who come in, and running errands. These girls are probably the most important of all the aides.

Ninth Grade Office Aides

BOTTOM ROW: Debra LeBel, Holly McBride, Joyce Gamble, Beth-Ann Birmingham, Bonnie Morgan, Gay Nichols, Kathy Putur, Barbara McLaughlin. SECOND ROW: Suzan Colby, Gloria Goodwin, Patricia Ward, Cheryl York, Christine Millett, Alice Pierce, Joy Foss, Elizabeth Godfrey, Judith Gillis, Laura Pecci, Angela Fortunato, Rita Rice, Ann McGinness. THIRD ROW: Christine Leighton, Deborah Edwards, Kathleen Donnelly, Marie DiVincenzo, Catherine DiSessa, Elizabeth Prescott, Deborah Burrow, Carol Catania, Denise Gagnon, Susan Knight, Ellen Reilly.

Eighth Grade Office Aides

BOTTOM ROW: Susan Williams, Cheryl Carlson, Julie Anderson, Cynthia Adams, Pamela Gaudenzi, Cynthia Houde, Cynthia Wilson. SECOND ROW: Patricia Rosso, Debra Tamilio, Cheryl Lewis, Debra Cotoia, Coleen Hutchings, Karen Rust, Ruthann Martin, Cheryl Wilkins, Beverly Julian, Diana O'Connell, Alice MacDonald. THIRD ROW: Jacqueline Potter, Shirley Orechia, Diane Gates, Denny Thibault, Margaret Fall, Betsy Brown, Candy Wilson, Pamela Bartnicki, Kathy Fortunato, Karen Barnico, Joanne Fortunato.

GUIDANCE AIDES

The guidance aides are a group of over a dozen ninth grade girls who help to run the guidance office as efficiently as possible, alongside the guidance counselors. They file papers, cards, reports and fill out other important papers. They contact the counselors when they are needed, and, in general, assist these faculty members as much as they can.

Guidance Aides

BOTTOM ROW: Holly Hubris, Paula Gamble, Deborah Burrow, Jean Forster, Nancy Mugford. SECOND ROW: Paula Primmer, Holly McBride, Cheryl MacPherson, Susan Levy, Doreen Marmen. THIRD ROW: Cheryl Morgan, Alice Pierce, Bonnie Morgan, Kathleen Donnelly.

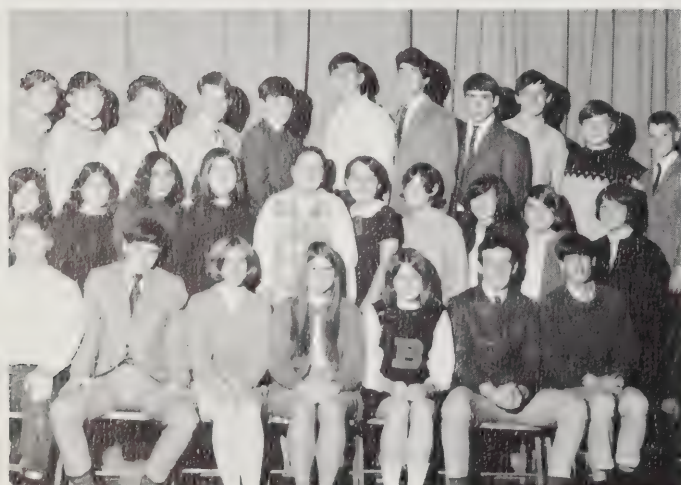

Ninth Grade Library Aides

BOTTOM ROW: Rita Rice, Angela Fortunato, Lori Carlman, Patricia Ward, Carol Catania, Cheryl York. SECOND ROW: Susan Matson, Jan Powers, Diane Trainor, Joanne Silva, Karen Woodbury, Susan LeBlanc. THIRD ROW: Kathy Anderson, Diane Freeman, Doreen Marmen, Karen Zarkades, Debra LeBel.

Eighth Grade Library Aides

BOTTOM ROW: Margaret Fall, Pamela Gaudenzi, Cynthia Houde. SECOND ROW: Elizabeth Collins, Lisa Gorman, Diana O'Connell, Rhonda Axlerod, Susan Peters, Cheryl Wilkins. THIRD ROW: Cheryl Kantor, Valerie Lyzinski, Patricia Newman, Robin Blanchette.

Cafeteria Aides

BOTTOM ROW: Kevin Doherty, Debra Dash, Lori Carlman, Kathy Putur, David Desmarais, James Lunn. SECOND ROW: Angela Fortunato, Patricia Rosso, Rosemary Ouellet, Noreen Quigley, Sharon Ritchie, Pamela Shairs, Robin Blanchette, Denise Thibeault, Susan Condon, Carol Panzero. THIRD ROW: Richard Saunders, Joseph Amore, Robert Pero, John Woodman, Donald Wallace, Scott Kincaide, Charles Gansenberg, Kevin Grondin, Wayne Auld, James Hincman, Edward Hannibal.

LIBRARY AIDES

The library aides are a large group of seventh, eighth and ninth grade students who work in the library during the day as well as before and after school. They are trained in using and operating the library so that if Mrs. McAleer is occupied, they can help anyone who comes in. They assist by locating and checking out books, writing overdue notices, finding information, and shelving and arranging books. With Mrs. McAleer, they help to make the library a better place for students to visit.

CAFETERIA AIDES

Although the cafeteria aides seem to play a small part in the school, they are very important when it comes to the lunch periods. Along with the regular cafeteria workers, these boys and girls manage to serve, with ease, over 1000 teachers and students in three half-hour periods every day. In addition to preparing and serving food, they also clean up the cafeteria afterwards and prepare for the next day's lunch.

Supply Aides

BOTTOM ROW: Charles Summit, Richard Saunders, Scott Kincade.
SECOND ROW: Donald Wallace, Richard Mace, David Desmarais,
Michael Vallone, Richard Larcom.

SUPPLY AIDES

The supply aides are a group of ninth grade boys who pick up the loose ends in running the school, namely locating and delivering a variety of materials when the situation deems this necessary. Pencils, books, paper and other articles often used are always in demand, and these boys do their best to deliver ample supplies to the students and teachers who need them.

Stage Crew

BOTTOM ROW: Brian Sangster, Charles Wolf, Bruce Buckley.
SECOND ROW: Alan Sanborn, Kevin Kokoska.

STAGE CREW

The stage hands spend much time learning their job, and as a result they can knowingly run the lights, curtains and sound effects during assemblies and stage presentations. They also do repair jobs and skillfully create unusual lighting effects, along with setting up props. As one can see, they are the unsung heroes of each assembly.

BRISCOE CHORUS

The Briscoe chorus under the direction of Mr. Dennis DiSalvo was first established in 1967. After rounding out some sour notes, he then proceeded to teach these students, several dozen of them, the expression of song. Their first appearance was made in the 1967 Christmas Assembly. Since then they have been in almost every assembly. They practice every week to perfect their songs taken from radio, songbooks, famous plays and movies.

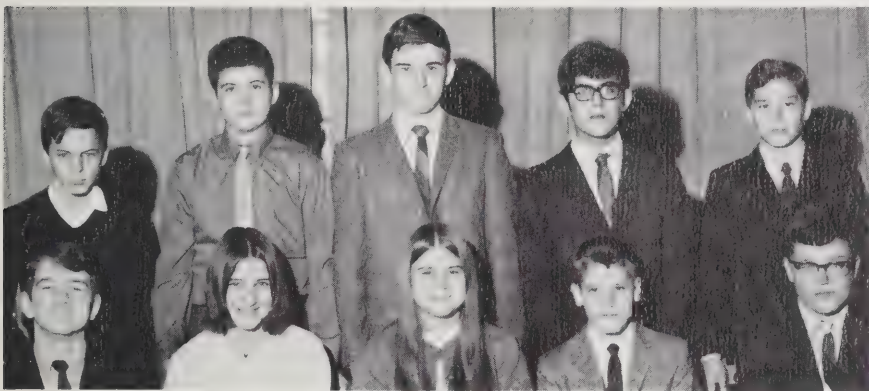

BRISCOE BAND AND BRASS

Briscoe Band

BOTTOM ROW: Jonathan Salles, Margaret Howard, Caren Travis, Debra Howard, Mrs. Patricia Darby (director), Lori Carlman, Christine Cleveland, Laurie Cook, Pascal Stellato. **SECOND ROW:** Sandra Brown, Robert Andler, Robert Green, William Campbell, Derrick Willson, Mark Robinson, John Conway, James Rigby, Paul Rudenberg, John Rigby, Christopher Cuoco, Michael Rosen, Susan Willson. **THIRD ROW:** Jan Lewis, Kenneth McCarthy, John Smith, Michael Devitt, Michael Toomey, John MacDougall, Daniel Chansky, Lawrence Cohen, Bruce MacDonald, David Rowe, Barbara Rawson, Ruthann Martin.

There are about 35 members in this year's Briscoe Band, which is directed by Mrs. Patricia Darby. As well as taking part in most assemblies, the band played during the Christmas Assembly. As they did during the previous year, the members presented a Winter Concert in December. Most of the students are deeply involved in their work and enjoy it very much. They eagerly work at perfecting new pieces, both popular and classical.

Briscoe Band Officers

BOTTOM ROW: Daniel Kelley, Manager; Laurie Cook, former Secretary; Lori Carlman, former President; Edward Hannibal, Vice-President; David Rowe, Ninth Grade Representative. **SECOND ROW:** John Rigby, Manager; John MacDougall, Historian and Publicity Manager; Kenneth McCarthy, Treasurer; Lawrence Cohen, Eighth Grade Representative and present President; Christopher Cuoco, Seventh Grade Representative.

Briscoe Brass

BOTTOM ROW: Laurie Cook, Lawrence Cohen (percussion); John Rigby, Daniel Kelley (trombones); Paul Rudenberg, Michael Rosen, David Rowe (clarinets). **SECOND ROW:** Michael Devitt, Daniel Chansky, Bruce MacDonald, Pascal Stellato (trumpets); John MacDougall (bass clarinet).

The Briscoe Brass was formed by Mrs. Darby and it made its debut last year during an assembly. This small group consists of band members who play trumpets, clarinets, trombones, and bass clarinets. Only the best players in the band are chosen for this group. Requirements are strict and practices long, but this all pays off in their final performances.

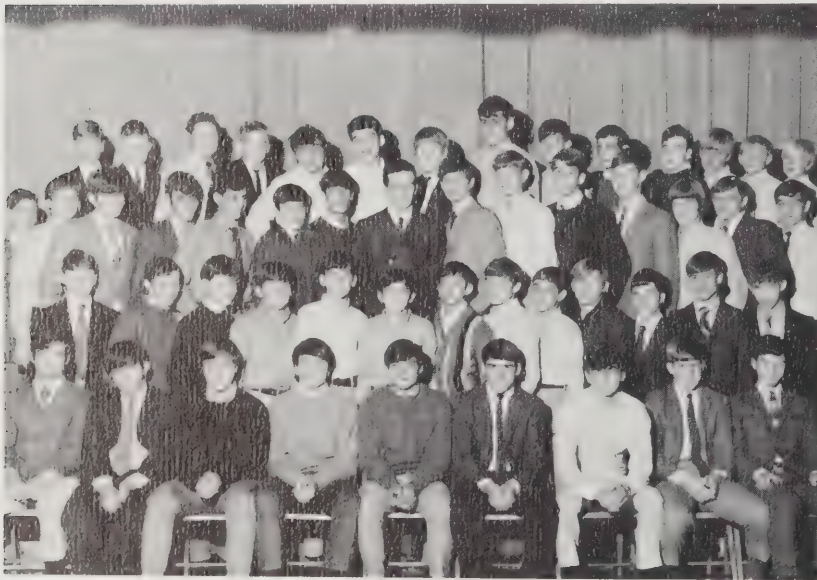

FOOTBALL

Boys' Varsity Football Team

BOTTOM ROW: Stephen Melei, William Robichau, Charles Dyer, Richard Mace, Kevin Grondin, Donald Kerr, Barry Brown. SECOND ROW: Paul Scanlon, Gary Rogers, Kevin Henebury, Donald Wallace, Kevin Doherty, David Desmarais, Scott McIntire, Paul Briggs, Scott Clark, Michael Devitt.

Two of the ingredients for a successful football team undeniably have to be confidence and sportsmanship. It can be said that our team is well-equipped in both of these departments. Whether in victory or defeat, our team never lost its faith in their coach or fellow team members. The team had superior coaching by Mr. Dodge and good leadership by their captains Rick Mace, Charlie Dyer and Kevin Grondin. With a result of three wins, two losses and one tie, it is evident that the long hours of strenuous practice paid off. The season ended with the traditional Briscoe-Memorial game. It was a tedious, competitive match, but our team emerged victorious with a final score of 16 to 8.

As any member of the Briscoe student body or faculty will tell you, the cheerleaders are a vivacious example of school spirit. Each week, the girls, headed by Lynne Duplessis, spent tireless hours perfecting old cheers and learning new ones. They attended nearly all of the football and basketball games, and loudly and energetically gave the boys the will to win.

Sportsmanship, pep, loyalty and cooperation are essential qualities of a good cheerleader, and all eleven of the girls undoubtedly have these qualities. All of the girls became good friends, had fun practicing, and were truly enthusiastic about their duty.

Ann McGinness

Jill Normand

Jackie Potter

The Pep Squad, a vivacious group of nearly 100 girls, is a great asset in the display of school spirit. Combined with the cheerleaders, their shouting makes the cheers sound louder and better than ever, and has, from this year's football scores, succeeded in prompting the boys to win. Besides attending every home game, most of the Pep Squad members have arranged to get to the away games to continue to cheer. Their never-ending vitality, combined with the cheerleaders' prompting and the team's determination and talent, has helped Briscoe to defeat the opposing team at nearly every game.

The Briscoe Boys' Basketball Team once again enjoyed a winning season. The team played 11 ballgames, although 1 was considered a scrimmage. They won 7 and lost 4. With multiple defenses being used, the Tigers confused a number of opponents. They were particularly effective in their use of the full court press. In 3 of the 4 games which Briscoe lost, the Tigers were defeated by a total of only 8 points.

Coach Sherriff said, "This was a very good defensive ball club, and a number of the boys are excellent prospects for the high school." He went on to say, "I was proud to see the desire to win which the boys exhibited. I was pleased with the way the boys conducted themselves on and off the court."

In the contest for the city championship, Briscoe beat Memorial both at Memorial and at home, making Briscoe the ninth grade champions.

GIRLS' BASKETBALL

Although this year's team started rather late in the school year, extra effort and weekly practice paid off with a near-perfect record for the girls' junior varsity and varsity basketball teams. They ended with a record of 6-1-1. The junior varsity ended the season undefeated.

With over twenty-five girls on the two teams, there were plenty of good players to make up for anyone who couldn't be at a game. Expert assistance and guidance from Mrs. Leslie and Miss Peebles, the faculty advisors, have also accounted for the girl's near-perfect season, as well as coaching from the two student managers, Kathy Donnelly and Marie DiVincenzo. The entire group showed great spirit and sportsmanship and exercised extra effort during the games. At the end of the season they had reason to be proud.

INTRAMURAL BASKETBALL

7th grade
8th grade
9th grade

For the second consecutive year, the intramural basketball program has been a success. The program, organized by Mr. Barry and Mr. Sherriff, showed that students enjoy participating in activities at Briscoe.

This year's champs are:

Homeroom 107— coached by Mr. Roberts
Homeroom 211— coached by Mr. DeRobertis
Homeroom 324— coached by Mr. Raymond

Once again, Coach Raymond showed his ability to "come through in the clutch." His homeroom has twice been the winner of their grade championship, and, therefore, Coach Raymond was unanimously elected Coach of the Year.

Teachers who are extremely helpful as referees and supervisors of games were Mr. Roberts, Mr. Dodge, Mr. Gniewek, Mr. Gilligan, Mr. Barry, Mr. Fallon, Mr. Brown, and Mr. Gosselin, to mention a few.

Students who were of great assistance were Kevin Doherty, Robert Miller, Kevin Henebury, Gary Rogers, and Jeff Norris.

Although the title of Coach of the Year was won by Mr. Raymond for his outstanding (size) job, he was contested very closely by Mrs. Ober and Mrs. Casey, who coached their homerooms to fine showings.

STUDENT-FACULTY BASKETBALL

Annually the Briscoe faculty and students stand face to face in a battle known as the Student-Faculty Basketball Game. Everyone with school spirit, and some without it, turn out to see friend and foe compete.

This year the game was held in February, on Friday the 13th, the day before winter vacation. The fact that the score of the girls' game was 13 to 13 had nothing to do with the date on which it was played.

The boy's game was played in earnest. Everyone attending was kept on the edge of his seat with the outcome in doubt until the final buzzer. Even then the winner was questionable but it is thought that the boys defeated the men teachers.

Everyone was enthusiastic during the game, and despite a few spills, everything went smoothly. Mixed-up scores and a sense of humor and good will on the part of teachers and students helped make the game even more enjoyable.

Blind reflection— yesterday, today

On snowy days, the sun
dazzles my eyes
and makes me dream of yesterday.
Yesterday, when I was young and free
when nothing seemed to matter to me but
. . . .grass. . .blue sky. . . .friends. . .the ocean
If you were with me, you'd remember that ocean.
I couldn't wait to grow up
and now that I have, I nearly wish I hadn't.
Sometimes
I go off in a dream and revert
back to childhood
back to sunshine
back to happiness.
Away from a today that doesn't exist
For there are no todays
there are only yesterdays, and they are gone forever
like Santa Claus and the Easter Bunny.
You think it's funny
that we as pseudo-strong adults should cry out
for what we have lost?
Not really
you see, there are no adults
There are only aging children,
and I am one.
Look at me,
an aging child.

October

October is the time of year,
When people like to give a cheer!
For the trees are such a beautiful sight,
That the leaves give out a colorful light.
And the colors fall on the ground,
To let the wind blow them all around!
By a rake they are twisted and turned,
Only at the end to be burned.
Finally we smell the smoke,
Which ends the Autumn's stroke!

—ALICE MACDONALD

The fireplace hearth is warm and bright
But hides the wonders of winter's night.
With shadows leaping here and there,
An owl swoops down through the air
To catch the body of a fleeting hare.
Sparkling crystals of falling snow
Dance and swirl with the feet of doe.
Illuminated by the moon's pure light,
Two noble bucks meet in fight
Trumpeting blows go through the night
And conqueror is neither wrong nor right.
Silverspot, a leader of crows,
Met his death by fatal blows.
Never will his brave cry sound
Protecting and informing his well-trained band.
But still we gather 'round the flames,
Ignoring the life of passion and pain.
